Git/GitHub
Node.js
Express.js
MongoDB
MySQL
APIs
Command Line
Agile Development

I am a determined, self-motivated and inventive Full Stack Developer. Having earned a certificate at the University of Birmingham Coding Boot Camp, I became effective in time-management, teamwork and independent problem-solving. I used these skills as a Web Developer at Anders Pink, where I continued my constant desire to grow and learn, and develop code that is well-organised, efficient and easy to comprehend and debug. As a personable and affable person, I love working with new people and communication, leadership and diligence are among my strongest assets.

PROJECTS

React Employee Directory (May 2021) | github.com/ben-pauley/react-employee-directory | ben-pauley.github.io/react-employee-directory

EXPERIENCE

Anders Pink Ltd.

2021-2022

Web Developer

Working Remotely

- Worked alongside a senior developer maintaining, improving and debugging a software tool used for business e-learning.
- Created three new homepages for Anders Pink at anderspink.com, as well as recreating a customer support page.
- Implemented new features in the Anders Pink software tool requested by customers.
- Took part in regular internal meetings as well as external meetings to learn about customers' desires for new features and improvements to Anders Pink.

Birmingham Motor Tyres Ltd.

2017-2020

Warehouse Operator & Administrator

Birmingham, UK

- Picked tyres for delivery and unloaded delivery trucks in multistorey warehouse.
- Coordinated with salespeople and warehouse operators to serve a wide range of wholesale customers.
- Moved on to administrative role to file internal delivery paperwork and hold internal and external telephone calls.
- Trained new employee to succeed myself as administrator.

EDUCATION

Certificate, Full Stack Web Development - The University of Birmingham, UK (2020-2021)

BTEC Level 3 Subsidiary Diploma, Engineering - Halesowen College, UK (2016-2018)

10 GCSEs A*-B, including Mathematics & English - Waseley Hills High School, UK (2015)
